

model-structure  
Named control: Full01

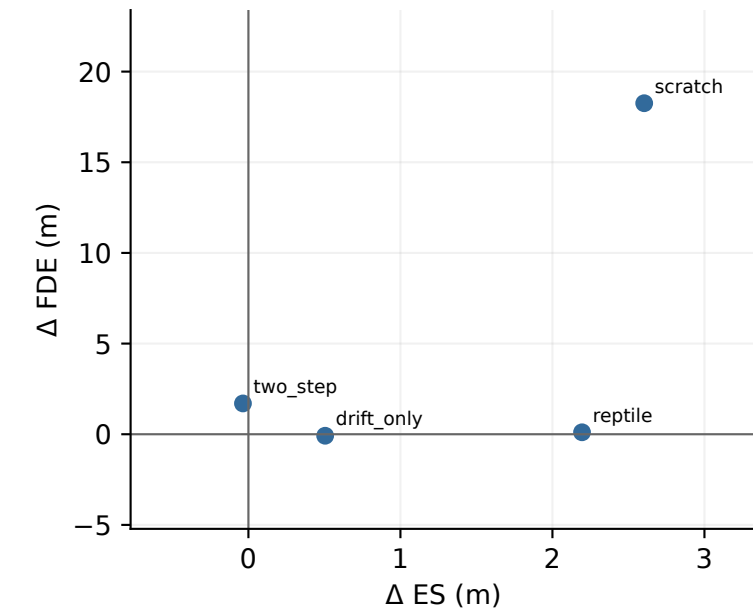

observation-interval  
Named control: Full01

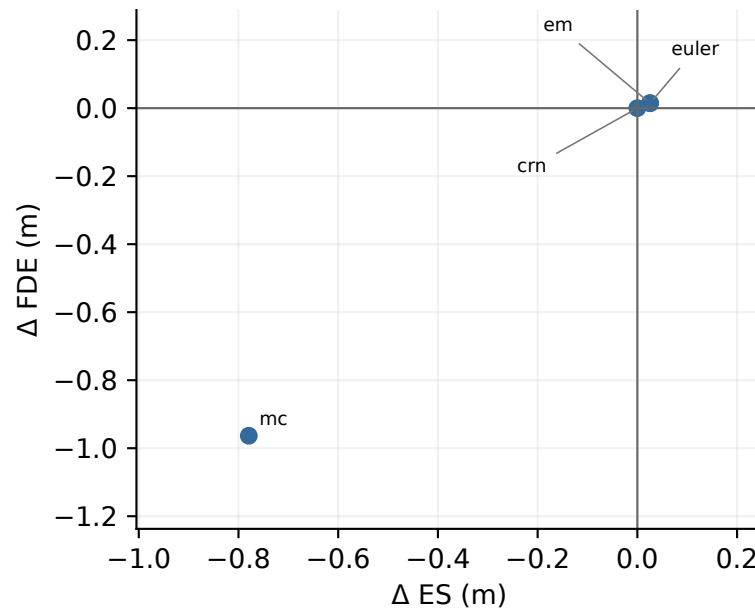

objective-and-score  
Named control: Full07

transfer-adaptation  
Named control: Full11

numerical-propagation  
Named control: Full18, Full20

Candidate minus named control

Bottom left: both improve  
Top left: ES improves, FDE worsens  
Bottom right: opposite tradeoff  
Top right: both worsen

Descriptive means, not new tests.  
Overlapping aliases are not  
independent algorithm discoveries.
